## Fall 2020

### Welcome Back

Things may look a little different this year, but our faith journey continues on. Despite the pandemic and all of the changes it has brought, we are still determined to continue our tradition of helping prepare our children for their sacraments with in-person classes. During the past month, we have moved classrooms around, provided individual materials for each child, divided up classes so that we are able to provide more distance between students, and even recruited and trained additional catechists. We require all students, teachers and helpers to wear masks at all times during CCE, including at Mass. Some of our fun learning activities have had to be put on hold for now or done a little differently. In other words, we have worked really hard to continue to help each and every child be ready to receive their Sacraments and to make learning about our faith a truly enjoyable experience for all of our families.

Meanwhile we have provided a comprehensive program for all students who are unable to attend in-person at this time. The program is available online or with take-home packets. The parents have been given guides to help them teach their children and additional resources are available from our office. All children in our program have been given an age appropriate bible and additional bible lessons have been provided to all. We hope these bibles and lessons help parents and children find a way to experience scripture together.

We will continue to bring the children in attendance on Wednesday evenings to the 6:30 PM Mass. We will follow the protocol guidelines and the children and catechists will be masked. Some families have opted to attend with their children and that is certainly welcome in our program.

Even though things will not be the same this year, I am looking forward to the challenge of making our program even better than ever. We have so much to learn and do as Catholics and so many different ways to learn and practice our faith. Whether it is by in-person classes, online learning, packets sent home or our brand new family faith program, it is all just different ways to bring us to the same great celebration of our Catholic faith.
